

[ID] Turmeric Extract (≥95% curcuminoids) - Curcuma longa

Curcuma longa · Zingiberaceae

Extract powder   Water-dispersible   INCI listed in EU CosIng

1. Product identification

|                          |                                                                                                                |
|--------------------------|----------------------------------------------------------------------------------------------------------------|
| Product name             | [ID] Turmeric Extract (≥95% curcuminoids) - Curcuma longa                                                      |
| Botanical name           | Curcuma longa (syn. Curcuma brog, Curcuma domestica, Curcuma ochrorhiza, Curcuma soloensis, Curcuma tinctoria) |
| Plant family             | Zingiberaceae                                                                                                  |
| Common names             | Turmeric, Haldi, Kachchi Haldi, Common Turmeric, Indian-Saffron                                                |
| Indian / Ayurvedic names | हलदी, हरिद्रा, மஞ்சள், పసుపు                                                                                   |
| Plant part used          | Rhizome                                                                                                        |
| Product form             | Extract powder                                                                                                 |
| Country of origin        | Indonesia                                                                                                      |
| Product code (SKU base)  | 18600-EXTD-CULON                                                                                               |

2. Composition and identifiers

INCI: Curcuma Longa Rhizome Extract

| INCI / COMPONENT              | FUNCTION             | CAS        | EC        | PROPORTION |
|-------------------------------|----------------------|------------|-----------|------------|
| Curcuma Longa Rhizome Extract | Botanical ingredient | 84775-52-0 | 283-882-1 | 100 %      |

EU CosIng reference no.: 84897 · INCI status: Verified in CosIng

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Hydro-alcoholic extraction                                               |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Solid (powder)                                                            |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Solubility          | Water-dispersible                                                         |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                         |                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications            | Herbal tea & infusions, Skincare, Supplements                                                                                       |
| Markets                 | Cosmetics & personal care, Food & beverage, Nutraceuticals                                                                          |
| Traditional use systems | Ayurvedic                                                                                                                           |
| Suggested use level     | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 1 Kg, 5 Kg, Sample — bulk and custom quantities on request                                                                                                               |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-18600-EXTD-CULON — available for download on the product page               |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
