

# Parpata Extract - Fumaria parviflora

Fumaria parviflora · Papaveraceae

Extract powder   Water-dispersible

## 1. Product identification

|                         |                                                                                                                                                                                            |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product name            | Parpata Extract - Fumaria parviflora                                                                                                                                                       |
| Botanical name          | <i>Fumaria parviflora</i> (syn. <i>Fumaria affinis</i> , <i>Fumaria caespitosa</i> , <i>Fumaria diffusa</i> , <i>Fumaria glauca</i> , <i>Fumaria leucantha</i> , <i>Fumaria parviora</i> ) |
| Plant family            | Papaveraceae                                                                                                                                                                               |
| Common names            | Parpata, Fineleaf Fumitory, Indian Fumitory, Small-Flower Fumitory, Papara, Pit Papra                                                                                                      |
| Plant part used         | Flower                                                                                                                                                                                     |
| Product form            | Extract powder                                                                                                                                                                             |
| Country of origin       | India                                                                                                                                                                                      |
| Product code (SKU base) | 92653-EXTD10-FUPAR                                                                                                                                                                         |

## 2. Composition and identifiers

INCI: Fumaria Parviflora Flower Extract

| INCI / COMPONENT                  | FUNCTION             | CAS | EC | PROPORTION |
|-----------------------------------|----------------------|-----|----|------------|
| Fumaria Parviflora Flower Extract | Botanical ingredient | —   | —  | 100 %      |

INCI status: INCI by naming convention (not in CosIng)

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

## 3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Extraction, concentration and drying                                     |
| Ratio     | 10:1, 30:1 (choose when ordering)                                        |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

## 4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Solid (powder)                                                            |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Solubility          | Water-dispersible                                                         |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications        | Skincare, Supplements                                                                                                               |
| Markets             | Cosmetics & personal care, Nutraceuticals                                                                                           |
| Suggested use level | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 1 Kg, 5 Kg, 25 Kg, Sample — bulk and custom quantities on request                                                                                                        |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-92653-EXTD10-FUPAR — available for download on the product page             |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
