

## [TH] Onion Extract - Allium cepa

Allium cepa · Amaryllidaceae

Extract powder

Water-dispersible

INCI listed in EU CosIng

### 1. Product identification

|                          |                                                                                                                                                                                |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product name             | [TH] Onion Extract - Allium cepa                                                                                                                                               |
| Botanical name           | <i>Allium cepa</i> (syn. <i>Allium angolense</i> , <i>Allium aobanum</i> , <i>Allium cepaeiforme</i> , <i>Allium cepaeum</i> , <i>Allium commune</i> , <i>Allium cumaria</i> ) |
| Plant family             | Amaryllidaceae                                                                                                                                                                 |
| Common names             | Onion, Pyaaj, Kanda, Khanda, Garden Onion, Shallot                                                                                                                             |
| Indian / Ayurvedic names | प्याज, कांदा, शिंशु, வெங்காயம், ఉల్లి, పొయ్యి, پیاز                                                                                                                            |
| Plant part used          | Bulb                                                                                                                                                                           |
| Product form             | Extract powder                                                                                                                                                                 |
| Country of origin        | Thailand                                                                                                                                                                       |
| Product code (SKU base)  | 95776-EXTD-ALCEP                                                                                                                                                               |

### 2. Composition and identifiers

INCI: Allium Cepa Bulb Extract

| INCI / COMPONENT         | FUNCTION             | CAS       | EC        | PROPORTION |
|--------------------------|----------------------|-----------|-----------|------------|
| Allium Cepa Bulb Extract | Botanical ingredient | 8054-39-5 | 232-498-2 | 100 %      |

EU CosIng reference no.: 54297 · INCI status: Verified in CosIng

Where more than one CAS number is shown, the botanical substance is registered under several CAS numbers (e.g. EINECS and TSCA variants); all refer to the same INCI name.

### 3. Manufacturing

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Process   | Aqueous extraction                                                       |
| Additives | No added colours, fragrance or preservatives unless stated on the label. |

### 4. Typical properties

|                     |                                                                           |
|---------------------|---------------------------------------------------------------------------|
| Physical state      | Solid (powder)                                                            |
| Appearance / colour | Characteristic of the plant material; may vary naturally between harvests |
| Odour               | Characteristic                                                            |
| Solubility          | Water-dispersible                                                         |

Typical values describe the product type and are not a specification. Batch-specific results (assay, moisture, microbiology, heavy metals as applicable) are given on the Certificate of Analysis, available on request.

## 5. Applications and use

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Applications        | Herbal tea & infusions, Skincare, Supplements                                                                                       |
| Markets             | Cosmetics & personal care, Food & beverage, Nutraceuticals                                                                          |
| Suggested use level | Use according to the formulation; typical inclusion in cosmetics 1–10 %, in food and supplements as permitted by local regulations. |

The formulator is responsible for confirming suitability, stability and regulatory compliance of the finished product in the intended market. Not intended for direct medicinal use.

## 6. Packaging, storage and shelf life

|            |                                                                                                                                                                                 |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pack sizes | 225 g, 1 Kg, 5 Kg, Sample — bulk and custom quantities on request                                                                                                               |
| Storage    | Store in tightly closed original containers in a cool (below 25 °C), dry, well-ventilated place, away from direct sunlight, moisture, strong odours and incompatible materials. |
| Shelf life | 24 months from the date of manufacture in unopened original packaging stored as recommended.                                                                                    |

## 7. Documentation and quality

|                         |                                                                                 |
|-------------------------|---------------------------------------------------------------------------------|
| Safety Data Sheet       | SDS-95776-EXTD-ALCEP — available for download on the product page               |
| Certificate of Analysis | Batch-specific COA available on request                                         |
| Other documents         | Allergen, IFRA, origin and other statements on request, subject to availability |
